**PETITION FOR FILING BY OTHER THAN ALL THE INVENTORS
UNDER 37 CFR 1.47(a)**

Sir or Madam:

Applicants Steven R. Morris and Andrew H. Levy hereby petition the Commissioner to accept the filing of the above-identified U.S. patent application by other than all the inventors.

A declaration by Mr. Stephen A. Wight is attached providing the pertinent facts of the refusal by co-inventor David S. Kellerman to join in this application. The omitted inventor's name and address are as follows:

David S. Kellerman
3169 Royce Way
Lake Oswego, OR 97034
USA

A Declaration signed by Steven R. Morris and Andrew H. Levy (with Mr. Kellerman's signature block left unsigned) was filed along with the patent application, and should therefore be accepted as the Declaration on behalf of the non-signing joint inventor, Mr. Kellerman.

The fee required by 37CFR § 1.17(h) is also enclosed.

Respectfully submitted,

**DECLARATION OF FACTS
IN SUPPORT OF FILING ON BEHALF OF
OMITTED INVENTOR (37 CFR 1.47)**

Stephen A. Wight, having personal knowledge of the facts set forth below, declares as follows:

1. I am patent counsel for Teseda Corporation.
2. I drafted and filed the above-captioned patent application for Teseda Corporation with input from each of the inventors, including Mr. David Kellerman. Prior to filing the patent application, I was informed by Teseda Corporation that Mr. Kellerman had left his employment with Teseda Corporation.
3. On November 12, 2003, I sent a letter (copy attached hereto as Exhibit A) via certified mail to Mr. Kellerman at his home address. The letter included a copy of the patent application and drawings as filed, together with a Declaration for Mr. Kellerman's signature. The letter requested that Mr. Kellerman execute the Declaration. The certified mail receipt signed by Mr. Kellerman's agent is attached hereto as Exhibit B.

4. I received a telephone call from Mr. Kellerman's attorney, Ms. Carol A. Emory of Emory Law Group, P.C. on November 17, 2003. Ms. Emory identified herself as Mr. Kellerman's attorney, and informed me that Mr. David Kellerman was not willing to sign the Declaration for the patent application without additional compensation from Teseda Corporation for his time to review the patent application as filed.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

Our Ref. No. 6769-65390

Dear David:

We are submitting herewith duplicate copies of the patent application covering the above-identified invention. The original copy is to be signed by you and returned to us for forwarding to the United States Patent and Trademark Office. The manila folder containing a duplicate copy of the application and drawings is to be retained by you.

You should read the application carefully to make sure it completely and accurately describes the invention, and that the objects and purposes thereof are accurately stated. If you have any suggestions for alterations, please note them on the application and return both copies to us for consideration.

If the application is found to be in order and meets with your approval, please date the declaration, which is the last page of the application, in blue ink on the line indicated. Particular attention is directed to the fact that this declaration must be signed exactly as your name is typed.

We are also enclosing an assignment which is to be signed and dated in the same manner as the Declaration and acknowledged before a notary public and returned to us for recording in the Patent Office.

We want to call to your attention an important duty on the part of the inventor, his attorney, and each person associated with the preparation, filing and prosecution of a patent application, to disclose to the Patent and Trademark Office any information (such as: prior use, offers for sale, sales, patents or publications)

of which they are aware that is material to the patentability of the invention claimed in the application. Failure to fulfill this duty of disclosure may seriously jeopardize the validity of any patent which ultimately results from the application.

In order to satisfy this duty we have disclosed all relevant prior art of which we are aware to the Patent Office in the patent application. If you are or become aware of any more relevant art, please let us know so that we can determine whether a supplemental disclosure statement need be filed.

After the application has been approved, signed and dated as indicated above, please return the original to us in the enclosed, self-addressed and stamped envelope, so that we may forward it to the United States Patent and Trademark Office.

Sincerely yours,
